To Whom It May Concern

I am very happy to offer very strong support for the excellent work undertaken by HIAM Health.

I and my colleagues have visited on several occasions and have been deeply impressed by the professionalism, compassion and significance of the work, which is making a very important contribution to meeting the needs of the people of East Timor in these difficult days.

It has been our privilege in HART to provide some support for the work of the clinic and we are always appreciative of the quality of accountability they provide and their reports do great credit, both in terms of the detail and transparency.

If you would like any further information, please do not hesitate to contact me.
