

**IV GOVERNO CONSTITUCIONAL
MINISTÉRIO DA SAÚDE
Gabinete do Director Geral**

No Ref : MS-DG/HIAM-Health/09/473

Dili, 28th April 2009

Mrs. Rosaria Martins da Cruz
Director of National NGO HIAM Health
Dili, Timor-Leste

**Re : HIAM HEALTH MALNUTRITION REHABILITATION AND EDUCATION
CENTER**

The Ministry of Health of the Democratic Republic of Timor-Leste compliments HIAM Health on their proposal for the implementation of a malnutrition and Education Center in Dili Timor-Leste

The proposal has been discussed in details with the Proposal review Team include the nutrition and Maternal and Child Health Departments. The Ministry of Health has the honor to inform HIAM Health of our full approval of this proposal. The Center will provide a much needed service for the Children in our country; also in the education of their parents in preventative strategies to combat malnutrition and providing a training environment.

The Ministry of Health acknowledges and appreciates the important contribution that HIAM-Health makes towards reducing infant and maternal mortality rate in Timor-Leste.

Unfortunately at this time The Ministry of Health is unable to provide the necessary funding for HIAM Health to manage the ongoing expenses of this center. We ask HIAM-health find prospective donors who can provide the necessary Funding and technical support for this important program.

Yours Sincerely

Agapito da Silva Soares
Director General of Ministry for Health
